

INTERNATIONAL NURSES DAY

Dear MHR nursing panel member,

As our healthcare workers on the front line continue to be true heroes, we salute you for your unique qualities and the instrumental role you play in our country as nursing staff. Behind your protective equipment shine truly remarkable human beings, fuelled by the passion for caring for others. We are humbled by the lives you touch with your **compassion, dedication, resilience, resourcefulness, courage** and **thoughtfulness**.

Thank you for going beyond your call of duty to offer quality care, often under exceptionally challenging circumstances. Your client-centric characteristics allow MHR to be a 'Trusted Source for Talent' since 1996. **We are because of your special attributes.**

The Hospital Association of South Africa published the following video clip in 2019, before COVID-19, as a tribute to our South African nurses. Click [here](#) to enjoy some smiles again.

WE ARE BECAUSE OF YOUR...

Compassion
