

# EMPOWERED NURSES SAVE LIVES

## INTERNATIONAL NURSES DAY - 12 MAY 2026

On International Nurses Day, 12 May, we thank you for your dedicated efforts in caring for our clients' patients and supporting them through some of life's most vulnerable moments. You assist and help not only patients, but also visitors, family and loved ones and we recognise that your humanity is your true strength.

This year's theme '**Our Nurses. Our Future. Empowered Nurses Save Lives,**' reflects a simple truth: when nurses are supported, valued and empowered, lives are transformed. You are the foundation that holds care and communities together, even under immense pressure.

**Thank you for your resilience, dedication and the difference you make every day. Our future depends on you and we are profoundly grateful to walk this journey alongside you.**
