

OUR NURSES. OUR FUTURE.

INTERNATIONAL NURSES DAY – 12 MAY 2025

On International Nurses Day, we take a moment to recognise that caring for our nurses strengthens our economies. Today, we appreciate everything you do as you navigate challenging times.

You are the **heartbeat of healthcare**, an unwavering force that nurtures wellbeing and works diligently to heal and comfort those in need. Your kindness and presence serve as a lifeline.

Thank you for being custodians of hope during difficult times.

May you continue to touch lives, inspire hope and bring healing.

With heartfelt gratitude,

MHR
